

Our Ministry Assistant

A Baltimore native, **Doris Anderson** has been a baptized member of St. John since she was six-weeks old. She began working in the church office as a full-time volunteer in November 1978, and became a paid staff member in April 1979. Doris serves as ministry assistant, and in that capacity works with the pastor and lay leaders to further the congregation's mission. Among her duties are publishing the weekly bulletin and monthly newsletter, maintaining records, handling correspondence, and serving as recording secretary for the congregation council. She and her husband Richard live in Brooklyn with their daughter Laurie and rescue cat Eenie, who was discovered in a window well at Enoch Pratt Free Central Library. In her spare time, Doris enjoys reading, calligraphy, crossword puzzles, and watching public television, especially British dramas and mysteries.
